Portfolio

Education

Engineering College Bikaner

2023 – 2027

Bachelor of Technology (B.Tech.) in Computer Science and Engineering

CGPA: 9.33/10

Relevant Coursework

- Data Structures & Algorithms
- Operating Systems
- DBMS
- Computer Networks
- Software Engineering
- Object-Oriented Programming

Experience

Trivana Hospitality (Startup)

Jun 2025 – Present

Full Stack Developer

Bikaner, Rajasthan

- Developed production-ready features for a hospitality platform supporting hotel reservations, restaurant bookings, memberships, payments, and customer management using React, React Native, Spring Boot, and MySQL.
- Built secure backend services using Spring Boot, Spring Security, JWT, JPA, and REST APIs.
- Designed reusable React components and responsive UI layouts, improving development consistency and accelerating feature implementation across the application.
- Integrated Razorpay payment gateway, membership management, booking workflows, AWS S3 media storage, and Brevo SMTP email notifications.
- Debugged production issues, optimized application performance, and collaborated with cross-functional teams using Git and Agile workflows to deliver production-ready releases.

Projects

BookTrivana | React • React Native • Spring Boot • MySQL • JWT • Razorpay • AWS S3

Jan 2025 – May 2025

- Developed a scalable hotel and restaurant booking platform featuring secure authentication, reservations, memberships, online payments, customer dashboards, and administrative management.
- Designed and implemented responsive dashboards for customers and administrators using React and Tailwind CSS.
- Built scalable REST APIs with Spring Boot, integrated JWT-based authentication, optimized MySQL database interactions, and automated email notifications using Brevo SMTP.
- Implemented cloud-based media management with AWS S3 and payment processing using Razorpay.

CommitFM AI | Spring Boot • React • GitHub API • REST APIs

Apr 2026 – Jun 2026

- Developed an AI-powered developer analytics platform that analyzes GitHub repositories and visualizes contribution insights, repository statistics, and developer activity.
- Designed modular Spring Boot REST APIs and integrated the GitHub REST API to retrieve repository metadata, commit history, contributor statistics, and language analytics.

Developer Portfolio | React • Spring Boot • Tailwind CSS

Oct 2024 – Nov 2024

- Designed and developed a responsive portfolio website featuring project showcases, backend-powered contact management, and secure REST APIs optimized for desktop and mobile devices.
- Improved SEO, accessibility, and performance through reusable React components and optimized frontend architecture.

Technical Skills

Languages: Java, JavaScript, C, C++, HTML, CSS

Frontend: React, React Native, Tailwind CSS, Bootstrap

Backend: Spring Boot, Spring Security, Hibernate, JPA, REST APIs, JWT

Database & Cloud : MySQL, AWS S3

Developer Tools : Git, GitHub, Maven, Postman, VS Code

Core CS : Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

ACHIEVEMENTS

- Qualified GATE CSE 2026 – Score: 423.
- Winner, CCC Hackathon – Recognized as UI/UX Designer and Team Representative.
- Senior Secondary: 98.80%
